Enter the code that appears on the screen after you click <Register>.

User Code(s)

PRSoft will supply this code:

Registration Key(s)

We encourage you to register as soon as you receive your software. Our turn-around time for codes is 24 hours. After you receive the code, start the program, click <Register>, then enter the Registration Key given above. Then press <OK> to start the program.

Don't forget to visit www.prsoft.com regularly to see if we have updates available.

You can send your request by email or by fax. However, at PRSoft we prefer emails because we can process them faster than faxes. We answer registration requests daily on a first-come first-served basis.

To Register by Email:

1. Complete this form and save it in your computer.
2. Start an email.
3. In the **Subject** of the email type: **Register <Product Name> <Product Year>** (for example: **Register PRPay 2008**).
4. Attach this form to your email.
5. Send your email to registration@prsoft.com

To Register by Fax:

1. Complete this form and print it.
2. Send it by fax to (787) 641-3013.
